Dear Ms. Fuerst:

Seven copies of the Draft Phase I RI Report for the Galena Subsite, Cherokee County Site, are being sent to you under cover from Pittsburgh. I understand these seven copies will be distributed by you for Region VII review, including one copy to the REM-RPO.

As we have discussed by telephone, I will plan on receiving EPA's review comments by March 3, 1986. Also, I will schedule some of my time on February 21, during our meeting in Kansas City, to discuss EPA comments on the report.

Following our standard report distribution protocol, I have also sent two Draft Phase I Reports to Carol Lindsay, REM-DPO, and copies to our project management office in Washington, D.C.

Please call if you have any questions.

Sincerely,

Richard E. Moos, Ph.D.  
Site Project Manager,  
Cherokee County Site
